**Chairperson:** Tom Baker  
**Committee:** Transportation and Telecommunications  
**Date of Hearing:** February 22, 2005

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

LB 587 seeks to create a titling system for replica vehicles in the State of Nebraska. A replica vehicle is defined in the bill as a vehicle created using the exact body style and factory specifications of a previous model year and using major component parts manufactured and sold by the original manufacturer or owner of the original manufacturing rights of the vehicle. A replica vehicle is different than a kit car and an assembled car in that it is made using authentic parts and is accompanied by a manufacturer's statement of origin.

On the title of the vehicle, its make shall be listed as the name of the original manufacturer; its model shall be the model the motor vehicle represents. Each title shall also be branded 'replica.'
